User Manual

HL1200

The **HL1200** powered by Cree XLamp XML2, produces the highest quality light with up to 1200 lumens very nicely fit within a small, compact unit.

HL1200 Features:

- Cree XM-L2 HI LED up to 1200 Lumens with a LAMP lifespan of 100,000 hours
- Simple operation - On/Off switch for selecting the 3 brightness levels
- 3 brightness levels including High, Medium and Strobe
- Up to 500 meter zoom capability
- Telescoping head
- Rechargeable battery pack for use with (2) 18650 Li-Ion Batteries (included)
- Weatherproof / Adjustable headband
- Waterproof / Dustproof - IP65 Enclosure Rating
- Digitally regulated output to maintain constant brightness
- Over heat protection to avoid high-temperature of the surface
- Made of durable aircraft-grade aluminum alloy
- Premium Type III hard-anodized anti-abrasive finish
- Toughened ultra-clear glass lens with anti-reflective coating
- Strictly in line with ANSI Standard

To Operate HL1200:

Power ON/OFF – Press the button located on the side of the zoom lens to activate the headlight. Press again to turn it off.

Mode Selecting – Press the side button gently to cycle through three different modes, Medium, High, and Strobe.

Zoom Function – While the light is on, pull the head slightly away from the body to zoom in. Push back in to zoom out.

Telescoping Function – While zoomed in or out, rotate the light up and down.

Battery:

Accepts (2)18650 Rechargeable Lithium-Ion Batteries

Battery Replacement:

Remove the cover on the back of the device to insert (2)18650 rechargeable batteries. Secure the cover back into place before powering the device on.

To Charge:

Use the included wall adapter and plug into the side of the battery compartment; located under a small rubber plug.

Warning:

DO NOT mix batteries of different brand, sizes, types, or capacities. After charging the 18650 batteries, please take out of the charger base. It takes 4 hours to fully charge the battery.

When the headlight is not used for an extended period of time, please take the batteries out of the device. DO NOT let the 18650 rechargeable batteries run to long on the low power as this may cause damage to the battery and prevent future performance.

Customer Support:

To reach our customer support staff Monday through Friday 8am - 4pm PST, email support@1tac.com or call 877-616-3515, press option 2.
