User Manual

1TAC Tactical Pen

The **1Tac Tactical Pen** is the world's finest multi-function weatherproof tactical pen made from lightweight, durable aircraft-grade aluminum.

The Instrument Includes:

- Convenient ultra-bright LED light with easy on/off button
- No-break pocket clip that keeps the pen secured to you
- Diamond threaded non-slip handle
- Forged tungsten glass breaker tip
- Matte black finish applied to aircraft-grade aluminum for professional appearance
- Ballpoint ink cartridge that writes easily in nearly all weather conditions.
- Razor-sharp stainless steel blade (Blade is shipped dull for safety reasons)

1Tac Tactical Pen Features:

- Lamp Life – 50,000 hours
- LED Emitter – 80 lumens
- Durability – Aircraft grade aluminum
- Refills Included – 6 LR44 batteries and 1 ballpoint

To Operate 1Tac Tactical Pen:

- Each end of the Tactical Pen will unscrew to reveal either a Ball Point Pen or Tactical Blade. The blade will be dull upon shipping per safety regulations and will need to be sharpened with knife sharpener or sandpaper
- To operate the light, lightly press the silver button near the end of the unit.

Battery:

(3) LR44 Alkaline Batteries (Included inside pen)

Battery Replacement:

1. Unscrew the LED light end.
2. Remove expended batteries.
3. Insert three (3) LR44 batteries all in the same direction, with the positive (+) sides facing the interior of the unit.
4. Replace end of light.

Change Ballpoint Refill:

1. Twist ballpoint end counter clockwise until feeder is removed from barrel.
2. Remove old cartridge and spring (keep spring for new refill).
3. Place spring on new cartridge and place back in barrel.
4. Twist clockwise to tighten.

Customer Support:

To reach our customer support staff Monday through Friday 8am - 4pm PST, email support@1tac.com or call 877-616-3515, press option 2.
