User Manual

TC800 Tactical Flashlight

The **TC800 Tactical Flashlight** is a compact high-intensity flashlight constructed of anodized aircraft grade aluminum, outputs up to 320 lumens with 1 powerful XPE CREE LED. Having an IP65 waterproofing standard rating protects this light against water, while its durable materials protect against drops, impacts, scratches, and corrosion.

TC800 Tactical Flashlight Features:

- 320 Lumen CREE XPE LED (Made in America)
- 50,000 Hour Lamplife
- Zoomable 3 Powerful Modes (High, Medium, Strobe)
- Made from Aircraft Grade Aluminum with Anodized Matte Black Finish
- Unbreakable High Transparent Acrylic UCL Optical Lens
- IP65 Water & Dust Resistant
- Diamond Cut Anti-Slip, Anti-Roll Grip w/ Clip

To Operate TC800 Light:

Press the tail switch to activate the flashlight, press again to turn the light off.

Mode Selecting:

Press the tail switch gently to cycle through the three (3) different modes: High – Medium – Strobe.

To Zoom In/Out:

When the flashlight is on, pull the head slightly from the body to realize zoom function.

Battery:

1 (AA) or 1 (14500 3.7v) lithium-ion rechargeable battery
**Battery not included.*

The TC800 can run on a regular AA battery but the brightness could be half without using the 1Tac rechargeable lithium battery.

Battery Replacement:

Unscrew the tail cap to insert the battery with the anode (+) towards the light's head.

Warning:

When the flashlight is not used for an extended period of time, please take the battery out of the device. **DO NOT** let the lithium rechargeable battery run with low remaining power for too long, as this may cause damage to the battery for its self-discharge phenomenon.

Customer Support:

To reach our customer support staff Monday through Friday 8am - 4pm PST, email support@1tac.com or call 877-616-3515, press option 2.
