User Manual

Ultra PowerPro Lantern

The **Ultra PowerPro Lantern** is trusted by serious outdoorsman, hunters, campers and fisherman around the world! This lightweight compact lantern is easy to carry and easy to store, features retractable handles and “pop-up” instant-on functionality. The ultra-magnetic base allows multi-directional use. It is perfect for hanging in a tent, working in the garage, around the house, in a power outage or any emergency situation.

Ultra PowerPro Features:

- Lantern with Easy-Slide open/close
- 500 lumens LED
- 360 Degrees of illumination
- 50,000 hours of lamp life
- Instant On function (just slide open)
- Magnet and hook attached for easy hanging

To Ultra PowerPro Lantern:

Pull the top portion of the lantern to turn it on. You can adjust the level of brightness by opening and closing the lantern.

Optional Hanging Methods:

1. Located on the bottom are magnets which allow the lantern to be secured to steel surfaces.
2. Slide the two handles on the top of the lantern over objects such as poles or tree branches.
3. Use the hook on the bottom to hang.

Battery:

Accepts (3) AA Alkaline Batteries (1.5v)

Battery Replacement:

- Make sure unit is in the closed position
- Unscrew the bottom of the unit by turning it counterclockwise.
- Insert (3) AA batteries into the compartment. Make sure the positive (+) and negative (-) line up correctly with the markings inside the compartment.
- Once the batteries are installed, screw the unit's bottom back on.

Battery Warning: Do not mix old and new batteries together. Do not mix standard, alkaline or rechargeable batteries together in the unit.

Warning:

AVOID EYE INJURY – Do not stare directly into the beam or shine the lantern beam directly into anyone's face. This product is not recommended for use by anyone under the age of 14.
